

Partners in Building Solutions

Matt Greenwood,
LEED AP
Project Manager

Responsibilities and Areas of Expertise

As a project manager for Construction Systems Inc. (CSI), Matt is responsible for the estimating and management of interior and exterior framing/drywall, acoustic ceilings, tenant fit-outs and renovation projects.

In addition, Matt is CSI's specialist in synthetic plaster (EIFS) and has also developed considerable expertise with pre-fabricated Truss applications.

Matt came to CSI in 2000 as Assistant to the Executive Vice President. In a short time, he used a combination of intelligence, technological ability and hard work to become a competent project manager and draws on those same attributes in servicing his Clients.
