

Partners in Building Solutions

**Lisa Hess**

*Accounting and  
Administration*

### ***Responsibilities and Areas of Expertise***

Lisa is responsible for customer billing, the set-up of new jobs and maintenance of current inventory pricing. She continues to provide administrative support for the senior management team, as well as project managers, marketing, sales and human resources.

Lisa joined CSI in 2006 and quickly became a valued member of the administrative team, helping to expertly manage the myriad of details that contribute to successful projects and satisfied clients.

With more than nine years of experience in the construction industry, Lisa's attention to detail, ability to juggle diverse tasks, and consistency meeting deadlines helps CSI to exceed client expectations.

Lisa provides an important link between the company and CSI customers and vendors. She is instrumental on a daily basis in ensuring that all the jobs run as smoothly as possible from an administrative perspective.

### ***Certifications***

- ISO 9000 Certification
