

Bill LePera
Project Manager

Responsibilities and Areas of Expertise

As project manager at Construction Systems Inc. (CSI), Bill is responsible for estimating, scheduling and project management services for commercial construction projects. He ensures project expectations of time, cost and quality are consistently met.

Bill's professional history includes over 39 years in the commercial construction industry, including most recently 13 years at a local construction services company in Dublin, Ohio.

He joined CSI in 2006, and focuses primarily on the interior renovation of medical facilities and the general trades construction business. Bill handles a variety of projects in varying stages of pre-construction and construction, and interfaces with property owners and facility managers on a regular basis.
