

Carrie L. Dotson, CPA
Controller

Responsibilities and Areas of Expertise

As Controller, Carrie manages accounting, financial planning and analysis, treasury, tax, risk management (insurance, bonding, credit, evaluation of partially self-funded insurance plan), and employee insurance and retirement programs. She also serves as Secretary/Treasurer of the CSi corporation.

In her supervisory role, Carrie oversees CSi's accounting department staff. She provides strategic financial guidance to senior management, develops financial statements and reports, and supports the project management team with job costing and reporting. She leads companywide efforts to streamline reporting, payroll and accounting processes, enhances internal communication, and maintains and strengthens internal controls and loss prevention.

Carrie joined CSi in 2020 and brings 24 years of combined public and private accounting experience. Her career includes CFO, controller, auditor and accountant roles. Her experience encompasses large corporations and small businesses across diverse industries.
