

**Dave Soppe, MBA,
CPA**
Chief Financial Officer

Responsibilities and Areas of Expertise

As Chief Financial Officer (CFO), Dave manages all accounting, financial planning and analysis, treasury, tax, risk management and human resources functions. He provides financial guidance, with respect to strategy and operations, to senior management by developing useful and transparent financial statements and reports.

Dave joined CSi in 2017 and brings 30 years of accounting and financial management experience that includes many successful process improvement initiatives and projects that resulted in lower costs, enhanced client services, streamlined reporting, and improved employee retention and benefits.

Dave's professional experience includes local, national and global enterprises involved in manufacturing and distribution.
