

Partners in Building Solutions

**David Lake**  
*Project Manager*

### ***Responsibilities and Areas of Expertise***

As project manager with the Facilities Group at Construction Systems Inc. (CSI), David is responsible for project development, project estimating and budgeting, scheduling and project management through project completion.

David's professional history includes 20 years in the commercial construction industry, including over 15 years with commercial drywall and carpentry companies. David's knowledge of general trades and interior finishes along with his attention to detail are valued by the CSI team and our customers.

David joined CSI in 2012 and focuses on the general trades construction and renovation of offices and commercial facilities. David handles a variety of projects in varying stages of pre-construction and construction.
