

Andrew Thibaut
Logistics Manager

Responsibilities and Areas of Expertise

As logistics manager for Construction Systems Inc. (CSI), Drew is responsible for managing the warehouse, coordinating movement of materials, equipment and tools, scheduling deliveries and jobsite cleanups, ordering and confirming material deliveries with various vendors, maintenance of vehicles and equipment and overseeing rental equipment.

Drew joined CSI in 2008 as a project manager and estimator with the Specialties Group. He came to CSI with four years of construction management and inventory control experience. While with the Specialties Group, he developed an expertise in operable walls, restroom partitions and accessories, lockers, and window shades.

Drew exemplifies CSI's tradition of craftsmanship and commitment to family, as he is the son, nephew and cousin of several long term CSI employees.
